Revisions to Automobile Statistical Plan and Edit Rules Documentation Effective January 1, 2027

The General Insurance Statistical Agency (GISA) is implementing changes to the Automobile Statistical Plan (ASP) Manual and Edit Rules Documentation (ERD) as a result of the upcoming Alberta Automobile Insurance Reform, pertaining to the Alberta Care-first provisions.

As referenced in GISA Bulletins 2025-04 and 2026-01 issued on December 15, 2025 and January 15, 2026 respectively, GISA is pleased to advise that the updated Automobile Statistical Plan (ASP) manual and Edit Rule Documentation (ERD) Versions 4.2 are now available. The documents can be found at www.gisa.ca. You may access the updated versions of ASP manual and the ERD at www.gisa.ca or www.gisassp.com

A summary of the relevant changes can be found in the “Revision History” section of each document, with bookmarks for reference. If you have any questions related to the new versions of the Automobile Statistical Plan manual and/or the Edit Rules Documentation, please contact GISA at gisa@fsrao.ca or your organization’s Data Quality Analyst.
